EXPERIENCE

FLUTTER DEVELOPER INTERNSHIP | GO TAXI

(January 2023 - Present)

- Worked on the “GoTaxi Driver” mobile app, a ride-sharing platform for drivers and fleet managers, particularly for taxi vehicles. Handled UI fixes, API integration, push notification, referral link (firebase dynamic link), Flutter Map (Geolocation, polylines), 360 images for street, and charts.
- Worked on the “GoTaxi Passenger” mobile app, a ride-sharing platform for passengers, particularly for the taxi. Handled UI fixes, API integration, push notification, referral link (firebase dynamic link), Flutter Map (Geolocation, polylines), and 360 images for the street.

ACHIEVEMENTS

- Worked with the design team to address UI issues and improve the app’s overall appearance.
- Integrated APIs using HTTP methods such as GET, POST, PUT, and DELETE.
- Implemented translation work to make the app accessible to users in different languages in Go Taxi.
- Worked with the GetX framework.

ACADEMIC PROJECTS

B2B ECOMMERCE MOBILE APPLICATION (02/2022 - 07/2022)

- Developed full-stack B2B e-commerce mobile application.
- Used Flutter framework and Django.
